

## **2008 ACSM/LSAW CONFERENCE**

**When:** March 4-8, 2008

**Where:** Spokane Convention Center  
Spokane, WA

**Schedule:** The schedule for the 2008 conference will be different from previous ACSM conferences in that it will take place between Tuesday March 4 and Saturday March 8. There is a possibility that the ACSM Congress meeting will be held on Sunday March 9, but logistics planning is still in progress.

ACSM conferences have typically been held beginning on a Friday and extending to the following Tuesday or Wednesday. In 2008, the days on which the conference will be held are midweek to weekend which is the typical schedule used by the LSAW (and by most of the other state surveying conferences).

**More later:** As plans become more fully developed, information regarding programs, social functions, exhibit hall hours, and meeting schedules will be posted on the following site: [www.acsm.net](http://www.acsm.net)

**SAVE THE DATES:**        **Mark you calendar for March 4-8, 2008 – SPOKANE!**
